Interesting Bits...

Thanks to Les Mobley & Tim Porter for sending me their notes from the September club meeting since I was unable to attend.

Even though the rescheduled "Charlie Built" fly-in date didn't make it to the newsletter event calendar before it happened, it was attended pretty well & the weather was perfect on Sunday, September 28th. Thanks to VP Steve Dorsett for fixing the pulled pork for lunch & to everybody who brought a side dish or dessert. Many thanks to club member Charlie Thompson for building all those airplanes! Charlie also brought a big stack of old pictures that we really enjoyed looking through. Barb Hill was taking photos at the event & they are now posted on the club website. Thanks Barb!

Stix is slowly working to re-route the R/C truck track at Nebo. It should be a little less destructive to the vehicles & is looking good so far. Thanks Steve!
